

Learn Monotype Demos & Workshops

Study With Monotype Artist Joan Larsen

You will learn techniques to develop your own monotype creations. The focus of this workshop will be printing with water color, water based inks, and water based oil paints.

"When I am finished with a piece I do not want it to be a photo likeness of the subject, I intend for it to be much more. My goal is to give the piece a life of it's own. To me if the piece is successful it must have a pulse that I can see and feel"

Joan Larsen was born and raised in a rural area of Saginaw, Michigan. She attended Western Michigan University where she majored in Art Education with an emphasis in painting.

In the last ten years Joan has actively pursued a career as an artist, teacher and demonstrator. She works mainly with water based monotypes. Her work is characterized by strong vivid colors, shapes and lines.

Joan is an award winning artist has had several solo art exhibit. She has also exhibited in many juried shows both locally and statewide.
